

Effective solutions to help you manage your business more profitably

OAG Cargo - the preferred supplier of information and services to logistics professionals worldwide

The freight forwarding community is constantly challenged by fierce competition and tight margins. Operational efficiency, cost reduction and customer satisfaction compete for priority as transportation businesses - large and small - seek to improve productivity, build customer loyalty and increase profits.

We understand the complexities of your business. That's why freight forwarders, transportation companies and logistics professionals around the globe rely on OAG Cargo to help them operate more efficiently and deliver more superior customer service.

Our products and services provide cost-effective solutions to give you competitive advantage. Whether you need to streamline your processes, reduce your costs or attract new customers, OAG Cargo can help.

Fast, easy access to the widest choice of air freight schedules

Make better, more informed purchasing decisions when sourcing the best flights for your shipments.

Search international, domestic and non-stop services with confidence using OAG-branded cargo schedule products.

Widest possible choice - the most comprehensive source of direct and connecting flights worldwide, available in a variety of formats:

Cargo Flights - online | CargoDisk Plus - CD | Cargo Guide - print

Complete information - full flight, routing and aircraft details for all your shipment planning needs

Information you can count on - all data is fully checked for accuracy

Inforwarding Announcements

Stay informed with a customized feed of news & special offers for better, more informed purchasing decisions

Helping you to work smarter

Put OAG Cargo products to work for your organization. The breadth of our services and the depth of our industry experience combine to offer unparalleled opportunities to increase your profit margins and excel in customer service. Talk to us today to find the right solution for your business.

Secure the best rates more efficiently

Save valuable time with OAG's Air Freight Rates application (AFRA) to source, compare, negotiate and quote shipment rates without making a single phone call.

- Easy online access to the latest rates and special offers, updated dynamically by airlines
- A single consolidated source for tariffs, weight breaks and surcharges
- A secure central place for all your rates management
- Increase productivity
- Faster turnaround of customer requests

Ship dangerous goods with confidence

When you need to transport hazardous shipments by air, our DG Online tool guides you step-by-step.

Clear directions and validation checks ensure safety and compliance, with instant access to everything you need in one place:

- Official legislative provisions and variations for all ICAO member states and registered airlines worldwide
- All required documentation with clear instructions and customized checklists
- Complete and reliable information from industry organizations you can trust
- Easy to access, easy to use
